Free yourself from a lifetime of Holo-brainwashing about “Six Million” Jews “gassed” in “Gas Chambers Disguised as Shower Rooms”

VIDEO DOCUMENTARIES

Questioning the Holocaust: Why We Believed

“The Holocaust” is widely known as the murder of six million Jews, mostly in gas chambers deceptively disguised as shower rooms.

- But how did these gas chambers work?
- Did gas come out of the shower heads? How about water?
- What were you led to believe?

We have all seen the terrible imagery of dead prisoners taken after concentration camps were liberated. However, a closer examination of the films and television we’ve been exposed to tell a very different story. Surprisingly, a large number of the bodies we were shown were the direct result of Allied bombing and strafing attacks.

Questioning the Holocaust: Why We Believed presents surprising information which has led many to question the legally sanctioned version of history. Watching this presentation with an open mind will surprise you and leave you asking questions of your own.

Nordhausen – Epitome of the Big Lie

Images of Nordhausen are used all over the major media – from Encyclopedia.com, NBC, ABC, and “Holocaust” books written as proof of a deliberate German extermination policy going according to plan. However, almost every prisoner in this imagery was blown up or strafed by British warplanes!

The Chemistry of Auschwitz — Buna Rubber, Zyklon B, Prussian Blue and the Gas Chambers

Auschwitz was a center of chemistry. The German chemical industry built gigantic factories for rubber and fuel. But that's not what we associate with the name "Auschwitz." We think of gas chambers and Zyklon B, two chemical things as well. How did the gas chambers of Auschwitz look like? How did they operate? And Zyklon B: what is it? How does it kill? Does it leave traces that can be found still today? These and other questions are thoroughly examined in this documentary. The horror of Auschwitz is meticulously dissected, and thus, for the first time, it really becomes comprehensible. This video documentary accompanies the book of the same title, accessible at: http://holocausthandbooks.com/index.php?page_id=1014

The First Holocaust: The Surprising Origin of the Six-Million Figure

Most people believe that roughly six million Jews were killed by National Socialist Germany during World War II in an event generally referred to as the Holocaust or the Shoah. But how long have we known about this six-million figure? The most frequent answer is that the six-million figure was established after the Second World War during the International Military Tribunal at Nuremberg.

Although it is true that the six-million figure was declared to be the indubitable truth at this tribunal, it is actually remarkably older. In this book, Don Heddesheimer shows that the six-million figure dates back to a Jewish fundraising campaign that started during the FIRST World War and reached its peak in the mid-1920s. During those years, Jewish groups in the United States spread the rumor that millions of Jews in Europe were suffering to the degree that millions had died already, while many more millions would face a lingering death. The New York Times was the main vehicle for such propaganda, which even included well-known buzzwords like “extermination,” “holocaust,” and the now famous “six million” figure.

Although this exaggerated propaganda of Jewish suffering slowed down during the 1930s, it never completely ceased and received new momentum in the 1940s during

the Second World War. As we all know today, this propaganda skyrocketed after Germany's total defeat, as the victorious nations of the Second World War seized upon the opportunity to take advantage of such propaganda and to increase its scope and impact. Heddesheimer's book clearly shows that the origin of the "six million" figure, together with "extermination" and "holocaust" claims, are Jewish-Zionist in nature and part of a propaganda pattern that started at the very dawn of the 20th century in order to promote Jewish political and financial goals, be they in Soviet Russia then or in Israel today. Since the end of World War Two, this propaganda has increased in intensity due to its political success and the successful suppression of resistance against it.

Third edition with a research update of 2015, also including a list of 276 sources referring to 6 million suffering, dying or dead Jews, and published between 1900 and the opening of the Nuremberg Trials in late 1945.

Holohoax Survivors Who Tell The Truth

Eric Hunt: 'Holohoax Survivors Who Tell The Truth' has really hit a nerve. It's shocking to hear Auschwitz inmates tell about their elaborate stage, with curtain rings and a grand piano, where they had plays and other musical performances. It's

shocking to see video of happy children playing in Theresenstadt juxtaposed with a woman telling about fun costumed children's plays in her Auschwitz block, along with arts and crafts activities, with beautiful children's murals painted on the walls. According to the official Holocaust narrative, all children were immediately gassed upon arrival! "Testimony" such as this is extremely important to cast doubt on the "factory of death" Holocaust promoters push. Auschwitz and Buchenwald inmates speak about being paid for their work in special currency, using their currency in camp cantinas and at the camp movie theater, receiving and sending postcards, and playing in well organized soccer tournaments.

Elie Wiesel's Night – Auschwitz Holohoax Looney Tunes

Holocaust Hoaxer Elie Wiesel's "Night" is used to brainwash naive public schoolchildren. Lying Weasel claims he walked to the edge of a flaming pit of fire at the entrance to Auschwitz. He claims the Germans dumped live babies into this pit. This is pure fantasy. Promoted by politicians, unquestioned by journalists. Truly Holohoax Looney Tunes! The truth? Auschwitz had a children's barracks where they performed elaborate costumed plays. A Jewish artist describes painting the walls of the children's barracks and helping them create costumes. The arts and crafts supplies were supplied by the Germans.

Anthony Lawson: Holocaust, Hate Speech & Were the Germans so Stupid?

Having been tortured, Rudolf Höss, who was the commander of Auschwitz from 1940 to 1943, almost certainly lied to save the lives of his wife and children. Even if torture and duress cannot be proven, the overwhelming reason for recognizing the utter falsity of the Höss confession is that the gassing method he described was not scientifically plausible. Yet Höss's conviction has stood, by inference, as a testament to the cruelty of Germans in general, since he was tried at Nuremberg, in 1947, and subsequently hanged on April 16th, 1947, in Poland. Making a statement like this which doubts the officially ordained narrative can be a crime in a number of western "democracies," believe it or not, and it is at least considered to be reprehensible in those countries that have not (yet?) outlawed dissenting views on this topic. This video discusses the social and judicial persecution of individuals voicing dissident opinions on the historical event usually referred to as the Holocaust. It castigates that persecution and lays bare the illegality and amorality of such activities. In addition, a number of the most striking historical arguments why dissenting = revisionist views on the Holocaust are reasonable, are presented. A brief look into the political agenda of those furthering the orthodox Holocaust narrative rounds up this amazing video.

More Than Taboo (2013)

Because it is illegal to do so in many states I decided to have a hard look at the Holocaust. Was it really unique? Were there really 6 million deaths? Is there physical evidence for gas chambers? I took 9 hours from DenierBud and edited down to an hour and a half. I also took clips from David Cole and Bradley Smith and added my 2 cents. If something is so emotional that you can't even talk about it or discuss it without freaking out then you might want to question yourself. More than 9/11, even more than religion, the Holocaust is the most taboo subject there is and there is a reason for that. It's the backbone of modern militarism.

Jewish Revisionist David Cole in Auschwitz (1992)

David Cole in Auschwitz — David Cole Interviews Dr. Franciszek Piper, Director, Auschwitz State Museum

A young Jewish Holocaust Denier, posing as a believer, puts some hard questions to the senior curator of the Auschwitz State Museum. After making this video, a “hit” was put out on Cole, and a reward for information on his whereabouts was issued by Irv Rubin (who years later, was arrested by the FBI for planning to kill a Lebanese-American Congressman.) Fearing assassination, Cole went into hiding.

This is a documentary by Dr. Fredrick Töben of the Adelaide Institute in Australia that examines whether it is scientifically/technically possible for the Holocaust to have been carried out in the manner claimed in mainstream historical accounts. It also questions popular notions of the motivations and events which resulted in the outbreak of WWII.

Auschwitz: The Surprising Hidden Truth (2012)

This video looks into some of the common claims made by survivors about what happened at Auschwitz. Some of the questions asked in this context are: Was it possible to fill the gas chambers with victims as it is claimed? Would the Jews, supervised only by other Jews, have cooperated in their own mass slaughter? What doors were used to lock in 2,000 Jews struggling for their lives? How efficient was the cremation process really? How many Auschwitz inmates left the camp alive to tell the world what they had seen? This video gives the answers to these and to other questions, backed-up by documents and expert testimony. The results are astounding, if not to say: shocking. The discrepancies between survivor claims on the one hand and technical as well as physical reality on the other hand reveal the surprising truth about Auschwitz, which is not what most people think it is.

One Third Of The Holocaust (2009) (4hr 15min)

This documentary explains how the German wartime camps at Treblinka, Sobibor, and Belzec (all in Poland) were not death camps, as is usually claimed. It thereby debunks one third of the Holocaust. The documentary asks questions like, “Would the Germans have really put a fence made out of tree branches around a death camp?” Answer: “Uh, no, that’s silly.” And would they have then conducted a huge burning operation inside this flammable fence? This exhaustive documentary is a total of 4 hours and 15 minutes.

Buchenwald: A Dumb Dumb Portrayal Of Evil (2009)

The liberation of the German war-time concentration camp at Buchenwald presented an opportunity for an Allied Psyche Warfare operation meant to denazify the Germans via atrocity stories. The person in charge reported directly to Eisenhower, so it was coordinated from higher up. But this operation “blew back” into USA media, which is why Americans remember growing up hearing stories of lampshades made of the skin of murdered inmates.

Spielberg's Hoax — The Last Days of The Big Lie (2011)

Spielberg's "documentary" *The Last Days* stars Irene Zisblatt, who claims to have had her Auschwitz tattoo removed by Dr. Mengele, had her skin selected to become a lampshade, escaped from inside a gas chamber, and repeatedly defecated and swallowed diamonds for a year. In addition, Spielberg's documentary hoax features another woman who claims to have escaped from inside a gas chamber, a Nazi doctor framed with an "experimentation" lie, as well as an African-American "Liberator" who was actually hundreds of miles away at the time he claims he witnessed the liberation of Dachau. *The Last Days of the Big Lie* uses Spielberg's hoax documentary as a jumping off point to expose his "USC Survivors of the Shoah Visual History Foundation" and the greater Holocaust myth.

The Jewish Gas Chamber Hoax (2014)

As of 2014, Steven Spielberg's "Survivors of the Shoah Visual History Foundation" has recorded nearly 52,000 interviews in 56 countries and in 32 languages with so-called "Holocaust survivors." The present documentary uses some of them to prove that the orthodox tale about the alleged extermination camp at Treblinka is untenable. It is a Revisionist documentary presenting the latest evidence debunking the greatest hoax in human history: "The Holocaust" – that is to say, the fraudulent claim that six million Jews were murdered by Germans, mostly in "Gas Chambers disguised as Shower Rooms." Never before seen evidence helps prove that Treblinka was a transit camp, far from the "Pure Extermination Camp" myth currently promoted by the Holocaust religion. For the first time ever, listen to Jews themselves who were transited through Treblinka describe the process of being transferred from Treblinka to other camps, along with hundreds and thousands of other men women and children. Documentation is presented which affirms that Treblinka was no top secret "pure extermination center," but a simple transit camp where some Jews even took real showers in order to keep them alive. The absurdity of diesel gassings, non-existent mass graves, forced confessions, and more are covered in

The Jewish Gas Chamber Hoax, a new documentary from the filmmaker of *The Last Days of the Big Lie*.

The Treblinka Archaeology Hoax (2014)

Were 900,000 Jews “gassed” at Treblinka? Were 3.9 Million “Steamed to Death” in “steam chambers” there too, as according to Nuremberg trial “evidence”? The official “Holocaust” story is that Treblinka 2 is the largest mass burial site in the entire world, where the Germans gassed 900,000 Jews in 13 “gas chambers disguised as shower rooms.” “Holocaust Deniers” or “Holocaust Revisionists” claim there’s no evidence for that, and tales of “gas chambers disguised as shower rooms” are wartime atrocity fiction, similar to previously debunked claims about Jews being made into soap and lampshades. *The Treblinka Archaeology Hoax* debunks Zionist British Archaeologist Caroline Sturdy Colls’ fraudulent “investigation” of Treblinka, which included digging near clearly marked Christian graves claiming to find new “hidden mass graves”, falsely assigning homicidal intent to a normal life-saving shower room at Majdanek, and misidentifying a terra-cotta tile excavated at Treblinka as belonging to the floor of a homicidal “gas chamber.”

The Treblinka Archaeology Hoax

The Majdanek Gas Chamber Myth (2014)

The Majdanek Gas Chamber Myth debunks the “Gas Chambers Disguised as Shower Rooms” propaganda coup. Majdanek was the first major concentration camp liberated by the victorious Allies. Upon capture by the Soviet Union, original propaganda claimed that 2 million were murdered in a “factory of death” which included seven homicidal gas chambers. However, Majdanek was captured largely intact and a large amount of documentation and physical evidence helps to acquit the Germans of the “Gas Chambers disguised as shower rooms” blood libel. The original, outrageously inflated propaganda death toll has precipitously dropped, and 5 of the 7 originally alleged “homicidal gas chambers” have been admitted to never have served as homicidal gas chambers. *The Majdanek Gas Chamber Myth* demolishes the Holocaust exterminationist “Gas Chambers Disguised as Shower Rooms” propaganda hoax and shows how Majdanek is a microcosm of the larger Holocaust Hoax.

The Great Holocaust Trial of 1985

The infamous first trial where the defendant in the case, Ernst Zündel, was physically assaulted daily in front of the Toronto courthouse where his case was being heard and nothing was really done about it by RCMP or any other Canadian police agency. In the first part the newscaster describes how Ernst Zündel's defense lawyer Douglas Christie demolishes "Holocaust" expert Raul Hilberg on the witness stand. Afterward, summaries of views on the "Holocaust" by defense witnesses Prof. Robert Faurisson, Dr. Russell Barton, Dr. William Lindsey and Thies Christophersen are given. Particularly significant is Dr. Barton's testimony: as an eyewitness at Bergen-Belsen he states categorically that the deaths at that camp were not due to a deliberate policy of extermination regardless of false commentary over photographs and film depicting stacked corpses. The last part of the video shows fanatical Jewish Defense League extremists and terrorists demonstrating their animalistic tendencies outside of the courthouse during the Zündel trial.

Because the defendant Zündel, and his lawyer Doug Christie, were proving their case so soundly, it elicited an off the cuff outburst from the judge on a series of objections

by the prosecutors to blurt out, “the truth is no defense!” I kid you not. I urge you to watch this staple documentary that will give you a good overall picture of the trial and why it was called. All for the re-printing of the 20 year old book, “Did Six Million Really Die?”

“Off Your Knees, Germany!” — The Ernst Zündel Story (2011)

The story of German and Canadian dissident Ernst Zündel’s fight for free speech for his politically-incorrect views on WWII. Imprisoned in solitary confinement, sued, firebombed, threatened, and deported from the US, Zündel fights on. This unique documentary explains in vivid detail how a powerful special interest lobby masterminded a modern political kidnapping on American soil – in a last ditch attempt to silence an inconvenient dissident.

Ernst Zündel — Setting the Record Straight (2007)

Known for his two ground-breaking Holocaust Trials in 1985 and 1988 that resulted in the forensic investigation known as the best-selling “Leuchter Report”, Ernst Zündel is the world’s best-known and most successful Holocaust Debunker. Kidnapped on American soil in 2003 at the instigation of his political detractors and imprisoned in Germany for the “thought crime” of questioning the orthodox version of the Holocaust, Zündel’s indefatigable struggle for Truth in History is grippingly captured on this detailed documentary.

Ernst Zundel - Setting the Record Straight

Ernst Zündel interviews Dr. Russell Barton (The truth about Bergen-Belsen)

Dr. Russell Barton who was a medic in the British army was one of the first to enter the Bergen-Belsen camp in 1945. He gives an interesting first-hand account of what he saw and didn't see. Dr. Russell Barton's testimony is a clear contradiction to the "eyewitness" accounts given at that time.

Why have some people—described herein as the “Thought Police”—incessantly attacked revisionists of all different backgrounds (from Gentiles, to Jews, to

Christians, to Muslims, to freethinkers, to whites, to Arabs, etc.) in some of the most horrible ways imaginable? The Thought Police have not just merely suppressed the revisionists' findings by boycotting them but have also censored them by promoting laws to make their honest findings punishable by jail time, committed arson, murdered them, threw acid on their faces, beat them, smashed their homes, and engaged in other acts of mayhem? Lately, too many people have been sentenced to jail for such crimes—with it now being a criminal offense in Australia, Canada, Austria, Germany, Italy, England, and most other countries in Europe and beyond to merely question virtually any aspect of WWII history dealing with the Holocaust. Ernst Zündel was taken away from his American wife in the hills of Tennessee. Germar Rudolf, a Ph.D level chemist, was also taken away from his wife and their child in Illinois and deported to Germany to stand trial. David Irving, a world renowned historian, was sentenced to three years in jail for merely one single sentence, uttered 15 years ago in Austria! The Thought Police will stop at nothing to silence these brave revisionists. We truly do live in Orwellian Times. Find out about the dozens of revisionists who have suffered, and learn what findings these truth-seekers have uncovered that make them the targets of persecution around the globe.
